Respected Sir/Mam,

This is to seek full time employment opportunity in the fields of Blockchain, software development or Dev-Ops in your esteemed organisation. I am thereby enclosing my resume reflecting my educational qualification, experiences & internships, skills, areas of interests, achievements, projects.

Currently I am currently working as Associate Innovation Engineer(Blockchain) at Zenlabs R&D, Zensar Technologies, Pune. Here I am responsible for designing blockchain network, writing smart contracts, doing R&D and creating Dapps. I am graduated in BE-Computer Science & Engineering from Birla Institute of Technology, Mesra. Comes under top 10 students among all branch in college.

I have urge to learn and work with new technologies. I am good in programming, Linux, Cloud Computing, Dev-ops, Hyperledger, Blockchain and Database etc. I am optimistic, hard working with smart work, quick learner and always believe in myself. I have certifications like Specialization in Blockchain, Red Hat Certified Engineer, Red Hat Certified System Administration , Oracle SQL Certified and AMCAT achieving good National Percentile and many more.

I am confident that I would be an appreciated and welcome asset to your company and It would be very grateful of you to kindly go through my resume and check for any available opportunities which may be suitable for me.

Looking forward for positive response.

Thanking you for your anticipation

Kind regards,
Piyush Kumars
