Respected Sir/Mam,

This is to seek full-time employment opportunities in the field of Software development. I am thereby enclosing my resume reflecting my educational qualifications, skills, areas of interests, achievements, projects, job experience, an internship. For more details, you can visit on my website:- https://piyushkumar96.github.io/

Currently, I am working as a software engineer at Zenlabs R&D, Zensar Technologies, Pune. I had completed B.E. in Computer Science & Engineering from Birla Institute Of Technology, Mesra, Ranchi, Jharkhand. I have various certifications like **Redhat Certified Engineer**, **Blockchain Specialization Certified**, **Version Control GIT Certified, Oracle SQL Certified,** etc. I also Won the **Quarterly Awards for 2018 for outstanding contributions and commitment to the company.**

I am also good in Programming, Blockchain, Cloud Computing, Linux, Virtualization, Databases, DevOps, etc. I am very eager to know and learn about new technologies like Blockchain, AWS, Dockers & Containers, Kubernetes, Ansible, etc and love to work with them. I am optimistic, hard-working with smart work, a quick learner and always believe in myself.

I am confident that I would be an appreciated and welcome asset to the company and It would be very grateful if you to kindly go through my resume and check for any available opportunities which may be suitable for me.

Looking forward to a positive response.

Thanking you for your anticipation

Kind regards,
Piyush Kumar
